@JHConnects    

FOOD SECURITY

Hopkins launches the East Baltimore
COVID-19 Food Access Initiative, a
partnership between Saval
Foodservice, Hungry Harvest, and 16
faith-based and community
organizations to provide emergency
food assistance to families impacted
by COVID-19. Read more [here!](#)

COMMUNITY

Hopkins partners with local small
businesses to meet the supply demands
of COVID-19. Read more [here!](#)

Johns Hopkins School of Nursing
students have linked up with Baltimore
Neighbors Network (BNN) to connect
with older Baltimoreans. Read more
[here.](#)

HEALTH CARE

Johns Hopkins Medicine co-manages daily operations of COVID-19 field
hospital at the Baltimore Convention Center. The facility opened on
April 27 to offset an expected surge in hospitalizations. Read more
[here.](#)

Johns Hopkins University is working to fill the void of publicly
accessible COVID-19 testing data by establishing the [Johns Hopkins
COVID-19 Testing Insights Initiative](#), a one-stop resource hub that offers
critical insights, resources, and expert analysis about testing around the
nation. Click [here](#) to read more!

COVID-19 and the long road to [herd immunity.](#)

RESEARCH

Hopkins engineers develop a
[promising new ventilator](#). The
pumpless alternative uses
pressurized air lines already
available in hospitals and can
run for 24 hours on a single 12-
volt battery.
